DANCE FESTIVAL

Wellfleet, Massachusetts

A Project of the Movement Party

“As one who feels that dance is a powerful birthright too often neglected, both individually and culturally, I celebrated the opportunity to be in Wellfleet last summer for the Fleet Moves festival. With a wonderful air of spontaneity, dance was happening everywhere; emerging from the wild landscape and the bustling town. For the days and nights of the festival, dance was liberated from its usual confines and enlivened Wellfleet.”

—Anne Faye, Wellfleet

We are pleased to announce the return of **FLEET MOVES, an annual site-specific movement festival created in and for the town of Wellfleet, MA.**

We created the Movement Party in 2010 as a collaborative platform for investigating heightened physical, environmental, and social awareness through dance. Comprised of a group of independent artists living and working across the United States, Movement Party members share a commitment to exploring how movement can enrich our daily lives, social practices, and forms of communication. As Co-directors of **FLEET MOVES**, we and our team of local and visiting collaborators are excited to create exciting programming that once again asks the town of Wellfleet...

FLEET MOVES creates opportunities for visiting artists and community members to investigate their relationship to place and engage in a creative dialogue about the unique life and landscape of Cape Cod. Now in its third year, this week-long summer festival includes multi-generational dance workshops, sensory walks, film screenings, and live performances, developed and produced collaboratively with local institutions and participating artists.

We are extremely grateful for the support already displayed by the town of Wellfleet. Several members of the community have responded with ideas and in-kind contributions and many local businesses and organizations have already agreed to lend their support. We are currently seeking funding sources in order to cover basic festival needs such as artists' transportation, housing, publicity, and documentation.

We would like to welcome you to join us in the Movement Party's effort to get the town of Wellfleet MOVING!

INTRODUCTION

SITE-SPECIFIC PERFORMANCES will provide an opportunity to experience dances inspired by Wellfleet's own history, culture, and natural landscape. Choreographed to the pulsing rhythms of the ocean, the sloping stage of the sand, and the flat expanses of beach lots, these unique performances are not to be missed.

SENSORY WALKS, guided walks in nature that include exercises to heighten sensory awareness, will also afford leaders and participants to take their dancing outside of the studio and into the world around them.

WORKSHOPS for teens and adults will offer exposure to a broad range of movement styles. Each class will be tailored to the level of the participants, whether dancing for the first time or at a more advanced level. Example topics include: Ballet for Every Body, Graham-based Modern, Improvisation, African Dance and Drumming, Move+Write+Draw, and Dance Filmmaking.

KIDS CLASSES will take place each day of the festival at Wellfleet Preservation Hall, creating fun opportunities to play and create through movement.

DANCE SOCIAL will end the festival on a high note, with guest DJ's spinning reggae, soul, and tropical dance music.
